DEVELOPMENT SECRETARIAT.

Dated 14th June 1949.

No. D. 8835—I. & C. 349-48-2. The threatened shortage of food requirements of the State is well within the knowledge of all. Government have already taken several measures to step up their production.

Some of the major industrial concerns in the State have been distributing food grains to their employees by getting necessary allotment from the Food Department. While this is so, it is considered necessary that these concerns should take adequate measures to attain self-sufficiency at least in their own food requirements. They should therefore fully co-operate and contribute their best in the "Grow More Food Scheme".

Considering the importance and urgency of the matter Government are pleased to direct that all Industrial Concerns—Government and Government Aided and other large private Industrial Concerns such as Sugar Factory, Bhadravathi Iron and Steel Works, Hassan Implements Factory, Sri Krishna rajendra Mills, etc., should immediately take all possible measures to grow food grains either in their own lands or in the lands to be leased to them by Government. They should give priority to this work.

The Heads of Departments in charge of concerns are requested to pay their personal attention to this important matter and take quick action to implement the above intentions of Government. Regarding requirements of lands, and other concessions, they are directed to approach the Government in the Food and Revenue Departments.

The Revenue Commissioner and the Director of Agriculture are requested to afford quick and immediate relief by granting necessary assistance to the Departments and Concerns.

The Director of Industries and Commerce (also Chief Inspector of Factories in Mysore) is requested to advise the private and other industrial concerns to come forward and avail of the concessions.
